

Day Centre for the Elderly "Sfintul Petru" in Grigorauca

The day centre for the elderly "Sfintul Petru" in Grigorauca, Singerei district, is a great help and support for 28 old, sick, lonely and often bedridden people. They not only receive a hot lunch, but also medical help - medicines, blood pressure measurement, etc. - and they can also enjoy watching TV, knitting, checkers, etc. together. The day centre also offers them the opportunity for socialization. Here the elderly talk to each other in a pleasant atmosphere, share joy and sorrow, support each other, pray and sing. The seniors are very grateful to the sponsors of this project - Baar commune, Priest Erwin Benz and Don Bosco Foundation (all from Switzerland) - for their invaluable help and support.
